The Judge and Clerk  
United States District Court  
515 Rusk Street,  
Houston, Texas 77002

I am suing you after treaty. Treaty is ~~not~~ conspiracy.  
My nuclear is set in Russia. My allies are exception until  
United States Government, CIA, United States Police, and  
the 46 states comply. Keep off my extended family  
and my businesses. Face the wall when coincidentally.  
I will hit the United States Government like I am educated.  
\$18 trillion for conspiring my exception.

And insisting on having the right to remove  
and hit any conspiracy building or center field and  
places that look like it.

Yours sincerely,
